Ranger Café at West Shore is operated by students in the Culinary Arts/ProStart program at the West Shore Career-Technical District. This hands-on teaching and learning program, focused on restaurant management and the food service industry, began in 1993. Throughout the school year, students plan, prepare, and serve a variety of foods and culinary delights for breakfasts, luncheons, dinners, and special events in our community.

Created by Interactive Media students: Giselle Belkin & Jessica Paoli
